Advance Directives in Nebraska

An Advance Directive is a statement you make regarding the medical care you would like in a particular situation prior to actually needing the care. There are two different types of advance directives. The two most common are: Living Wills and Durable Power of Attorney for Healthcare. If you have an Advance Directive we would like to obtain a copy of that directive document prior to your procedure.

For more information about Advance Directives you can visit www.hhs.state.ne.us/ags/advdir.htm.
